## During the dog days of summer, cool off by making a splash in the Step2 Rise & Fall Water & Ball Table™!

- Drop the play balls into the slide tower, then fill with water to watch the balls rise and fall out!
- Once full, the water pours out of the towers and activates the spinners, while the play balls cascade down the ramps.
- Little ones can also take turns using the side flippers to flip the play balls high into the air and into the water table.
- Put-and-take ball play activities help develop fine motor skills, and the “magic” water effects teach cause and effect.
- Non-leak drain plug makes clean-up easy.
- Includes 6 multi colored balls, 2 flippers and 2 pouring cups.
